

Boil Them Cabbage Down

Key: A

Diagram illustrating a 16-bit bus system with four 4-bit components labeled A, D, A, and E. Each component has a top line for 'T' (true) and a bottom line for 'B' (bubble). Below the bus, a timing diagram shows the state of the bus over time. The bus is high for the first two components (A and D), then low for the next two (A and E), and then high again for the final two components (A and E).
